## Analyzer Rentals & Repairs

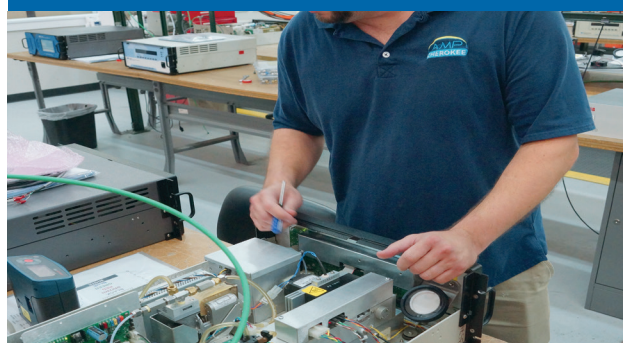

- AMP-Cherokee performs service on all popular gas analyzer brands.
- We offer discounted rentals during analyzer repairs.
- Factory trained technicians.

### FTIR Rental Systems & Test Personnel

AMP-Cherokee supplies MKS FTIR rental analyzers and systems with factory trained operators to meet your particular project needs. Call our technical support team to discuss your test requirements.

### CEMS Analyzer Repairs and Rentals

Preventative maintenance services are available to reduce the need for costly emergency repairs and to maximize system reliability. Customized preventative maintenance plans are offered on a monthly, quarterly, or annual basis.

### Gas Cylinder Management & Supply

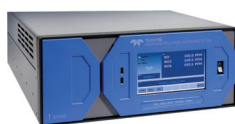

AMP-Cherokee provides nationwide management plans for protocol and certified calibration gases used in source testing, maintenance and system audits. Gases are available from stocking facilities in NC and TN and can be delivered to your job site, or drop shipped in the US and Canada.

### Spare Parts Inventory

AMP-Cherokee also maintains a large inventory of routine maintenance parts for popular analyzer brands. We often complete repairs on many analyzers in less time with available parts and shorter lead times.
